

TIEFENTHALER | Africa

MINING • ENGINEERING • CONSTRUCTION

ABOUT US

Tiefenthaler is a specialist legal service provider - dedicated to the mining, engineering, and construction industries. Over the years, we have been fortunate to work on many of the largest and most complex projects across the African continent and throughout the Middle East, Australia, Europe, and Asia.

Our standard is set by our highly experienced legal professionals who pride themselves on tailoring legal services to the needs of each individual client – an approach that, when coupled with a team of legal experts and consultants with diverse backgrounds and experience, leads to an unparalleled level of service.

Our flexible, adaptive, and collaborative style means that we bring value to our clients across many sectors and in multiple jurisdictions across the world.

Our team has been recognised and acclaimed by the Legal 500, African Legal Awards, Chambers Global, IFLR1000, Finance Monthly, MEA Markets, Corporate Vision, Best Lawyers, and the Lawyers Global.

“Legal solutions driven by industry specialists.”

CAPABILITIES:

- Procurement (Tender) Strategies
- Contract Development
- Project Risk Management
- Contractual Claim Services
- Adjudication, Arbitration and Litigation
- Tiefenthaler Training

INDUSTRIES

Our focus has always remained exclusively on the mining, engineering and construction environment and has been so for decades.

We have purposefully kept our approach exclusive to the mining, engineering, and construction environments and, in doing so, we have become true specialists in these fields capable of providing our services with confidence, proven accuracy and unparalleled results. Our services are rendered across many industries, some of which include:

- **Mining**
- **Construction**
- **Engineering**
- **Oil and Gas**
- **Renewable and Non-Renewable Energy**
- **Health Care**
- **Retail and Accommodation**

Our capabilities and services in these sectors range from project conception and execution to dispute resolution.
